Unparalleled Technology

We've made it incredibly easy to interact with your Coast. Model 1 includes four interactive touchscreen panels, providing users with seamless control over cabin lighting, the air conditioning, the exterior awning and more with just one touch. You can also manage your Coast remotely from your smartphone.

Stay Connected

With Starlink Wi-Fi available, you will have immediate access to unlimited high-speed, low-latency internet where Starlink provides active coverage.

Chef Inspired Kitchen

Classic, timeless, and reliable.
We're proud to feature Smeg appliances.

Custom made for our cabinetry, each
appliance fits perfectly, giving your kitchen a
beautiful and seamless finish.
